

Enjoy your summer vacation!

Dear Parents,

Here are some ideas to help children use their time constructively during the long summer break . Some activities require adult supervision - learning together can be an enjoyable experience for you both.

Most of the children are able to understand instructions given in English but it is also important that your child learns to converse in English. He / She should speak to the teacher and friends in English. Here are some teaching tips for you...

- You must converse in English with your child
- Story Time
- Show and Tell activity

Show and Tell at Home

Show and Tell

Do this activity with your child using common household objects
e.g. spoon, jug, television, doll, favourite dress, cycle, wristwatch, hat/cap etc
Make simple sentences to describe the object, e.g. for a cap, you can say
This is a cap.
It is a colourful cap.
It is a big/small cap.
I use it in summer.

Story Time

Read 2 short stories to your child from the Panchtantra/Aesop's Fables every week Talk about the moral at the end of the story
(What is right/wrong)
Do an activity related to the story
e.g. drawing, dramatization, creating puppets etc
